Entry control for home and office

## Relay module for rail installation RELAY BOX

**Relay Box**

- Relay module with 2 mechanical relays for installation onto DIN rail
- For galvanic separation of the control and power circuit (galvanic separation of the load)
- Specially adapted for Populus H-2.

### TECHNICAL DATA

- **Dimension: 35 x 86 x 58,5 mm (width 2 modules)**
- **Input control voltage: 12 V DC**
- **Max. load on output side: 5 A**
- **Max. voltage on output side: 250 V AC**
- **IP21 protection (for indoor installation only)**
- **Block connector for 2 mechanical relays (5A)**
- **Power consumption: 0,4 W per relay**
- **Temperature range: 0 do +40° C**

### ORDERING CODE

Code	Specification
<b>RELAY BOX</b>	Relay box for rail installation, 2 mechanical relays (5A)
